

Testimonials and Praise for OneAero

Testimonials

"Your Repair capabilities blow the doors off the competition"

Steve G, MRO customer

"Best money ever spent"

Glen G. an aircraft-leasing customer

"OneAero is a great system"

Helen S. MRO customer

‘We chose to partner with OneAero because they provide an affordable and simple solution to the global problem of AOG resolution and the opportunity for BA to market our parts to the industry. With our AOG desks taking hundreds of calls each week, we will use this resource to list our Active Inventory allocation in a secure platform and reduce number of calls we receive. Airlines can now, from a computer screen, quickly see our stock availability for Sales, Loans and Borrowers.’

Steve Madden, British Airways

"You have made this whole transition easy and fun."

Kim B. aviation industry customer

"Thanks you so much for making thing so easy and simple, you guys are the best!!!"

Haim G. MRO customer

"OneAero will enhance our ability to adapt to future Aerospace business needs."

Lockheed Martin

"Our experience at the AOG-desk so far is positive and we have located in the short period we are using it parts which **otherwise would cause a hard AOG-situation or cancellation of the flight.**"

Martin H.W.Visscher, KLM engineering & maintenance

"... in regards to AOG, it worked like a dream and in all cases we managed to solve the problem."

Thorarinn Thorarinsson, Icelandair Rotable Management

"Unlike other online listing services and directories OneAero's creativity, support and willingness to help its customers has given us a competitive advantage in these tough times through IT support, personalized reports and fantastic customer service. I look forward to working even closer with them in the future."

Eric - Inventory, Repair and Market Reports customer
